

[Restaurant Interior Design at WT Hotel Italy](#)

December 31, 2009 By: Momoy Category: [Design Gallery](#)

While you entered the WT hotel restaurant you'll bring into the place where you can dream, placed at the last floor of the building this [restaurant](#) especially designed as a forest hovered between reality and imagination. The main characteristic of this restaurant interior is big tables with a tribal shape surround the illuminated three in a gesture of gathering around the source of light and warmth. Look very luxurious although it was decorate using minimalist concept.
